Master of Mechatronics and Cyber-Physical Systems

**First Examiner:**  
Prof. Dr.-Ing. Peter Firsching

### Declaration of Originality

1. I hereby declare that I have written this master's thesis independently and have not submitted this thesis for any other examination purposes. I have not used any references or materials other than those mentioned in the bibliography and have marked all literal and analogous citations.

Cham, (date)

Signature of student

2. I agree that my master's thesis may be made available to a broader public by the DIT library. Therefore, I will hand in a further hard-bound copy of my master's thesis.

*Yes*

*No*

Cham, (date)

Signature of student

3. I declare and take the responsibility that I am the exclusive owner of all rights concerning the master's thesis, including the right of disposal concerning drafts and attached illustrations, plans, or similar materials. I affirm that no third-party rights or claims will be made upon making this master's thesis publicly available.

## Public Accessibility Approval

To be filled in by the first examiner if the author agrees with public accessibility of the master's thesis:

Adding a copy of the master's thesis into the stock of the library and the loan of this copy is: *Approved*  
*Not Approved*
